**PRESS**  
RELEASE

## **Kaeser Compressors launches new website**

**Kaeser Compressors Australia launched its new website earlier this month. Along with a fresh appearance and a simplified navigation, the new website has been designed to be user- and mobile- friendly.**

The new Kaeser website was created with the end-user in mind. A simplified navigation now divides the website into just four sections; products, solutions, services and company. In addition a responsive design ensures that whether a visitor is viewing the website from a PC, tablet or smart phone, the website will adapt to suit the device.

The upgraded product section features extensive product range information and now also includes quick access to technical specifications and in many cases 360-degree product views and videos. There are also a myriad of compressed air resources available to Kaeser website visitors including;

**The Kaeser toolbox calculators** (<https://au.kaeser.com/services/know-how/calculator/>)

From a unit conversion calculator to calculating pressure drop, air receiver size and leakages - the Kaeser Toolbox includes a number of practical online calculators and is definitely a section worth bookmarking for repeat visits!

**Whitepapers** (<https://au.kaeser.com/services/news-and-dates/whitepapers/>)

Kaeser regularly writes and presents in-depth reports on compressed air topics such as energy efficiency, as well as advisory articles to assist compressed air users in - for example

KAESER COMPRESSORS Australia Pty Ltd – 45 Zenith Road, Dandenong South, VIC 3175, Australia  
Phone: +61 3 9791 5999 – [www.kaeser.com.au](http://www.kaeser.com.au) – E-mail: [info.australia@kaeser.com](mailto:info.australia@kaeser.com)  
Press office: +49 3 9791 5999 Fax: +61 3 9791 5733

- selecting the right compressed air equipment for their application. All current whitepapers can be easily accessed from the upgraded Kaeser website.

**Compressed air engineering handbook** (<https://au.kaeser.com/services/know-how/compressed-air-engineering-advisor/>)

Visitors to the new website can also access the Compressed Air Engineering handbook. Following an in-depth introduction to the field of compressed air technology, this handbook covers a series of practical tips for system operators and compressed air users.

Kaeser invites users to visit [www.kaeser.com.au](http://www.kaeser.com.au) and experience its upgraded website for themselves!

**-END-**

#### **Editors Notes**

From 2.2 to 500 kW, Kaeser Compressors manufactures a wide range of compressors and associated auxiliary equipment that meet the varying requirements of a diverse range of industries and applications.

One of the world's largest manufacturers of rotary screw compressors, Kaeser Compressors is represented globally in over 100 countries through a dedicated network of branches, subsidiary companies and authorised partners.

Kaeser Compressors Australia provides comprehensive sales and service from its 30,000 ft<sup>2</sup> purpose built factory in Dandenong, Victoria alongside an extensive network of sales and service centres and authorised partners that cover Australia, New Zealand and New Caledonia.
